160.9950	160.9950	5959	Operations between New Orleans & Maple Grove, LA

New Orleans Public Belt

NOPB uses the VHF frequencies of each railroad they interchange with when delivering cars. Since they are municipally owned, for their own communications they share a Motorola Type I trunked radio system licensed to the Parrish of Orleans. The system is also used by the Sheriff's office and other local government agencies.

Frequencies:

Talkgroups:
